

OneVoice LINK

Business Referral Program

The OneVoice LINK program is a simple and rewarding program that allows our business associates and customers to get paid for referring business leads. Using an easy lead submission process, eligible participants can provide new business referrals in exchange for a payment up to \$1,000.

The OneVoice difference is rooted in our deep commitment to exceptional service, and it is always our goal to turn our customers in to “raving fans”. Word-of-mouth marketing has always played a large role in our success. The LINK program was created to reward those interested in being compensated for referrals.
